

# JS 240LC EXCAVATOR

**Brand: JCB**

**Call for Price: 08 89473490**

## **Short Description**

Max Operating Weight 25200kg

Max Engine Power 149kW

Max Dipper Tearout 179.2kN

## **Description**

The JCB JS240 excavator is the 24 tonne model in our heavy tracked excavators range. It's engineered with exceptional strength, productivity, efficiency, comfort, safety and ease of maintenance.

A closed box section revolving frame increases strength and reduces stress. It also makes these excavators highly resistant to impact damage. We've used strong parts too – premium industry standards in fact.

Meanwhile, this 24tonne excavator's engine is a highly efficient Isuzu 147 kW 4HK unit, compliant engine. It provides a fuel saving of up to 10% over our outgoing models. The benefits of the JS240 series of tracked excavators don't end there either.
