Description

Boasting the very latest JCB Command Plus cab, the new 417 wheeled loading shovel is built to be strong, reliable and all-day comfy. As a key part of the on-site process, it's also designed to be supremely productive, offering superb performance without the time-consuming inconvenience of a DPF.

By introducing Command Plus, we're now able to add best-in-class comfort, visibility, ergonomics and quietness to the numerous other benefits of this wheeled loader. Those benefits include superior serviceability, safety and a whole lot more.
