Brand: JCB

Call for Price: 08 89473490

Short Description

Max Engine Power 172Kw

Operating Weight Range 13688kg

Bucket Capacity 2.7m³

Description

The JCB 435S Agri wheel loader is designed to maximise productivity on the farm. Built with a high power-to-weight ratio using only the finest components – a Cummins engine, ZF transmission and axles, and Rexroth pumps – the 435S will last the distance. And, with 230hp, 945Nm and a 264 l/min hydraulic circulation, it'll perform to the max throughout.

It's all-day comfortable – a comfy operator is, after all, a productive one. It's also safe, serviceable and, with features like Eco mode and Auto Idle, it's highly fuel-efficient too.
