Brand: JCB

Call for Price: 08 89473490

Short Description

Max Engine Power 93kW

Max Lift Capacity 4000kg

Max Lift Height 20m

Description

The new JCB 540-200 represents a new high for our telehandlers. Its 5-piece boom – with range-topping 20m reach – means you get the manoeuvrability of a telescopic handler, combined with crane-like lifting performance, potentially saving you from hiring additional machinery.

This telehandler is also blessed with innovative hydraulics to boost efficiency, as well as three steer modes. Of course, productivity is nothing without durability, which is why the 540-200 uses our renowned DIESELMAX engine with a perfectly matched JCB transmission. This Loadall also boasts a stable work platform, great comfort, excellent safety, and easy serviceability.
