Call for Price: 08 89473490

Short Description

Max Engine Power 81kW

Max Lift Capacity 4000kg

Max Lift Height 7m

Description

The JCB 541-70 is a hugely efficient Dieselmix-powered telehandler. It sits on a chassis that's designed for load-bearing and stability.

The side-mounted JCB engine combines with JCB axles and transmission to ensure a reliable drivetrain performance from well-proven components.

There's instant steering selection between three modes for easy operation, a tight turn radius and great manoeuvrability.
