

# M25 MANUAL TRANSPORTING

**Brand:** Linde

**Call for Price:** 08 89473490

## **Short Description**

2.5 tonnes capacity

Manually Operated

Ideal for Transporting

## **Description**

Linde control tiller has a wide handle for effortless steering and optimum hand protection for convenient manoeuvring due to 220° steering pivot angle. The plastic handle covering affords pleasant and secure grip at all ambient temperatures. Smooth-running steer and low rolling resistance load wheels with entry/exit rollers under the fork tips simplify pallet pick-up and tapered and ramped fork tips make pallet entry much easier, especially with stretch-wrapped loads.
